

TRAVELLING FROM THE AIRPORT AND COMING FROM THE DIRECTION OF HAMBURG CENTRAL STATION

In Hamburg, LIFEBRANDS Natural Food is located between the outer Alster lake and the city's central station and is a stone's throw away from Hotel Atlantik. We are only a 5-minute walk from the central station. If arriving at Fuhlsbüttel airport, you are best advised to plan around 20 minutes for the taxi journey.

TRAVELLING BY CAR FROM THE NORTH AND SOUTH

If you're travelling from the South on the A7, bend off at the Horster Dreieck junction and take the A1 towards Berlin. After 15 kilometres, turn off onto the A 255 and drive towards HH-Centrum. Cross the Neue Elbbrücken bridge and keep going towards the city centre (Centrum), then turn left onto Amsinckstraße. After about 2 kilometres, the road will curve half-right. After another 200 metres, turn right onto Klosterwall. Drive straight along this road and then turn right immediately after the central station. You are now on Ernst-Merck-Straße. Drive under the overpass and then turn left onto Holzdamm.

If you're travelling from the North on the A7, take the exit marked Hamburg-Stellingen and then drive towards the city centre (Centrum), staying on the road for about 6 kilometres. The name of the road will change automatically from Kieler Straße to Fruchtal-lee, Schäferkampsallee and Schröderstiftstraße. Once you reach the An der Verbindungsbahn, turn half-right onto Edmund-Siemers-Allee, then half-right again onto Jungfernstieg and then drive straight ahead onto Lombardsbrücke which automatically joins Glocken-gießerwall. Before you reach the central station, turn left onto Ernst-Merck-Straße and then left onto Holzdamm.
