To whom this may concern,

We herewith confirm that we (Plastic Bank, 800W Pender Street, Vancouver BC, Canada) have entered into a partnership with Lifebrands Natural Foods GmbH in December 2019 to extract plastic from ocean-bound environmental areas, while creating social impact by improving the lives of the collectors. This agreement has been renewed in December 2021 for another 12 months until December 2022.

Best regards,
